

Join us this summer for the second annual

ATOS Technical Experience

July 31-August 4, 2011
Groton, Massachusetts

The ATOS Technical Experience will follow the ATOS Summer Camp at the Shanklin Music Hall with its 4/34 Wurlitzer. Seminars and hands-on workshops will include the rebuilding of a Wurlitzer chest, proper handling and care of pipes, and tuning fundamentals. One day will be devoted to visiting an organ shop and an additional theatre organ installation. There will be opportunities for Q & A sessions on other topics as well.

Instructors will include Allen Miller, Clark Wilson, Carlton Smith, Justin Nimmo, and possible guests. This is a great opportunity for theatre organ technicians of all ages, regardless of previous experience!

Registration is \$295 per student. Hotel expenses will be extra and are the responsibility of the participant. The designated hotel for the program is the Best Western Granite of Nashua, New Hampshire, which is being offered at a special rate of \$80/night. Most meals are included.

For more information, please visit atos.org or contact Allen Miller (860/402-4686 — a.miller@atos.org) or Meredith Sibley (jmsibley@earthlink.net).
