

TECHNICAL EXPERIENCE August 5 – 8, 2019

Carlton Smith Pipe Organ Restorations
Indianapolis, IN

2019 ATOS Technical Experience Application Form (Please type or print)

ATOS is pleased to offer the 9th Annual Technical Experience for participants 18 years of age and old-er. This year the Technical Experience will be presented again as in the past years. Since the very first Technical Experience was presented in 2010 eight seminars have been held annually. Each seminar presented covered a major subject area with regard to proper restoration of a theatre pipe organ. We have now come full circle and the 2018 we begin the seminar series over again with the very basics of restoration. The 2019 teaching will be in the form of two seminars. The first seminar will continue the process with the complete rebuilding of “theatre organ” regulators of which there will be “hands on” experience for all participants. The Second seminar if time allows will be on the basics of releathering techniques for Barton, Wurlitzer manual chests. It will include proper materials to use and craftsmanship techniques for releathering manual and off set chests.

If there is interest among the participants part of the last day can consist of a field trip to the Hilbert Circle Theatre 3/24 Wurlitzer (a fully professional theatre organ restoration) and the Warren Performing Arts Center 3/18 Barton (a CIC-ATOS chapter restoration with professional assistance).

This year Carlton Smith, Clark Wilson *and* Justin Nimmo will be the instructors.

The 2019 Technical Experience takes place again at the working theatre organ restoration workshop of Carlton Smith Pipe Organ Restorations, 212 W. 10th Street, Suite D240, Indianapolis, IN 46202-5669.

There will not be an official hotel this year as with the increased discount sites etc. **Participants** can get a better rate *than* a contracted group rate You are responsible for making your own hotel reservations. A list of hotels all within a short distance of one another is provided below. **Registration deadline for the Technical Experience is July 31st.**
