Subject: The Mentor Program

To ATOS Board and Staff The Mentor Program

This program is not doing well. I have had no one request to accepted in the program for this year. I do plan to get with the new Editors Of Theatre Organ and write a better article fully explaining the Mentor Program in the next couple of issues. I have lined up someone to be the mentor at the convention. If someone is still interested, please email me and I will try and get the program going at the convention this year, it will be difficult, but I belive this is a good program, and it does not cost the ATOS any money, and the winner has to be at the convention. With a much better publicity campaign in the future, I know this program will work, bucky
