

ATOS ANNUAL COMMITTEE/OFFICER ACTIVITY REPORT FORM (2010)

Name of Activity: \_\_\_\_\_ ATOS TECHNICAL COMMITTEE

Committee Chair/Officer Name: \_\_\_\_\_ Allen Miller

Date of Report: \_\_\_\_\_ 23 June 2010

1. Actions completed since the 2009 Annual Meeting: (Please bullet actions completed.)

- AWARDS: 2010 Crew Chief's Certificate of Service – Russ Shaner, RTOS
- DAVID L. JUNCHEN SCHOLARSHIP:
  - This is a very specific program, not an annual award. There have been no applicants.
- TECHNICAL ASSISTANCE PROGRAM
- Allen Miller visited Chevalier Theatre, advised on restoration and assembly of parts, examined the proposed organ chamber area. Fitting a Wurlitzer into this area will be extremely difficult, if possible at all. Its success is questionable. There was no charge for this visit.
- Clark Wilson visited the College of the Ozarks and gave a complete report and direction for moving forward.
- One the "Ozarks" visit, the funding had to be increased to a maximum of \$1,500. The past amount of \$500 is obsolete in view of travel costs and professional time required for even a cursory examination.
- RECOMMENDATION: Budget up to \$1500 per instance and up to \$3,000 for the 2010-2011 year.
- TECHNICAL Q&A: All submitted questions answered personally and rewritten for the website if or where appropriate.
- Most questions recently have been very specific and not generally applicable.
- We get many questions from non-members and about non-theatre organ information.

2. Actions begun but incomplete since the 2009 Annual Meeting:

- Considering possible award recipients for 2011.

4. Amount budgeted for your committee: \_\_ \$0.00

Amount expended by your committee: \_\_ Treasurer's report

Thanks to the 2010 Technical Committee:

Carlton Smith  
Clark Wilson  
Harold Wright  
Jelani Eddington  
Jonathan Ortloff  
Jeff Weiler (left without resigning)
