5. Comments: (Any bulleted special notations, problems, or suggestions should be included here.)

While my time as Youth Representative is coming to an end, my work for ATOS is all but finished. I have submitted my name for nomination to the Board of Directors and hope I can continue in a new capacity. I appreciate the support I have received from the ATOS Board and Staff during my three-year term as Youth Representative and have been proud to serve this organization. Looking back on the last three years, this organization has changed a great deal, seeking to move ATOS in a new, progressive direction. I look forward to working with all of you in the years to come.
